

Rules

1. The application/software should be built for Windows or Android Platform
2. Application should be the original work of the team Plagiarism will lead to disqualification
3. Use of App generators is not allowed
4. Size of team should be not more than 3
5. Each team can submit one application only

Round 1

Team must send app links after uploading to the respective app stores. If in case uploading is not possible just send us the .apk or .xap files. No reports or abstracts required.

Format for submission:

- Name of Team
- Name of College
- Name of App
- Category chosen
- One line description of the app idea
- One line description of the implementation tools/techniques
- Link of the uploaded app .apk or .xap file

Judging

The applications will be shortlisted based on :

- Implementation of the app idea
- Choice of tools and techniques
- Genuineness of the app or app idea. Plagiarism will lead to disqualification

Submission date for Round 1 is 3rd April, 2014
Shortlisted Teams will be invited for final round in IIT Mandi

Round 2

An On- spot Application Development round. The teams have to make an app on the final day in a given time frame; the problem statements/ app ideas would be disclosed on the final day and will be based on respective first round submissions. They may be extensions or modification of the first round projects.

App/Software Development will be accompanied with a short quiz/questionnaire. The teams will be tested for their genuine knowledge regarding the Development Process.

Format of Quiz:

10 one- liner questions

Judging

Teams will be judged on the cumulative performance of first round and final round. More weightage will be given to the final round performance.
